

## SOC 315 Social Gerontology

SOC 315 has moved from the 7th edition of the text book Social Gerontology to the 8th edition. However, the supplement telecourse study guide, Growing Old in a New Age, will remain a 5th edition release. You should be aware that there are some minor references to text book pages directing one to those that correspond to the 7th edition release. To save you time we have identified the areas within the study guide that reference the seventh edition text book and provide the equivalent 8th edition pages.
